

CLUVAIRE IS THE WAY TO DELIVER CLEAN AIR TO YOUR HOTEL

Helping You Achieve Healthy Building Status

CLUVAIRE
BY LOUVERS INTERNATIONAL

Cleaner Air For All

“And the single biggest structural change that we can make as a society is to do for indoor air quality what we’ve done for water quality. We need healthy buildings because we need healthy communities.”

-Ashish Jha, MD,

White House COVID-19 Response Coordinator

Safe Air System for Hotels and Other Large Facilities

Guests Health and Safety Our UVC active air disinfection units prioritize the health and safety of your guests. With reduced airborne pathogens, you provide a more secure living space for those in your care.

Wellness Support With our UVC technology, you're not just meeting the minimum requirements; you're proactively supporting the wellness of your guests. Our units work diligently, ensuring clean air day and night.

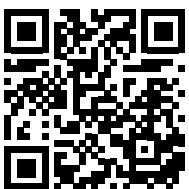

Peace of Mind for Families Families entrust you with the care of their loved ones. By investing in our UVC units, you're giving them peace of mind, knowing that you're taking every precaution to create a safe and hygienic environment.

Empowering Staff Your dedicated staff deserves a safe workplace. Cluvaire reduces the risk of infections, helping your team provide top-notch care without the constant worry of exposure to harmful pathogens.

Positive Community Reputation Be known as an assisted living facility that goes the extra mile for residents. Our UVC technology enhances your reputation as a senior care facility that prioritizes health, safety, and the well-being of your residents.

Long-Term Care Focus Our UVC units are designed for the long-term well-being of your residents. By investing in this advanced technology, you're ensuring that your facility remains a trusted provider of high-quality care for years to come.

Support and Training We're not just selling a product; we're forming a partnership. We are here to support your facility with comprehensive training and ongoing maintenance.
