

CLUVAIRE IS THE WAY TO DELIVER CLEAN AIR TO YOUR FACILITY

Here's to Helping Healthcare, Hospitality,
Education, and Commercial Buildings
Achieve Healthy Building Status

Cleaner Air For All

Safe Air System for Schools and Large Facilities

- ✓ *Reduced absenteeism in schools*
- ✓ *Lowering the amount of asthma related absentees in schools and workforce*
- ✓ *Lowest cost / most sustainable air sanitizer on the market*
- ✓ *Energy savings from reduced spending on HVAC systems and less MRO on those HVACs!*
- ✓ **Qualifies for ESSER and other government funding**

“And the single biggest structural change that we can make as a society is to do for indoor air quality what we’ve done for water quality. We need healthy buildings because we need healthy communities.”

-Ashish Jha, MD, White House COVID-19 Response Coordinator

Disinfects Air Contaminants The active air disinfection units use UVC technology from Philips to sanitize airborne contaminants.

Huge Cost Savings This safe air system only requires service once per year. There are no filters to replace.

Safe in Any Area The inline multi-pass system fully encloses the UVC light and is completely safe to operate in any area.
